

# HAAS ENTERTAINMENT PRESENTS:

## RESIDENTIAL TECHNOLOGY 101 BY:

### CRES47:

#### Interior Technology 101:

#### Residential Design Meets Technology

Does the thought of incorporating popular technologies such as the iPad® tablet, motorized shades, lighting control, and security systems seem overwhelming? In this quick course you'll learn about the latest interior technology and how it shapes the experience of spaces you design. You'll get inspiration for expanding the breadth of your practice by incorporating technology into your designs without needing to be a technology expert.

#### After this presentation you will:

- Understand how smart technology has evolved.
  - Learn what interior design technology is.
  - Discover interior technology function and benefits relative to: infrastructure, lighting, media, integration, and UI.
  - Explore top interior technology residential applications, common misconceptions, and design challenges.
- IESNA Lighting Certification (LC): Yes, 1 LEU (NCQLP's 1.0 Continuing Education Lighting Course/1.1 AIA Courses)
  - USGBC's LEED Green Associate and LEED AP with Specialty: Yes, LEED "Green building task" credit, not "LEED-specific task"
  - NCEES Professional Engineer (PE): Dependent on individual state's acceptance of AIA courses
  - ASID/IDCEC: Accredited and approved.
